

MYNODY(mnody) Token White Paper

1. Overview

MNODY is a community-driven meme coin inspired by the loyalty and playfulness of our beloved pet dog “Mnody.”

The mission is to bring fun, creativity, and decentralization to the Polygon network while building a strong global community.

Blockchain: Polygon (POS)

Token Standard: ERC-20

Ticker: MNODY

2. Vision

Meme coins have proven that culture and community can be as powerful as technology.

MNODY combines humour and utility to create a token that’s fun, tradable, and useful for tipping, community rewards, and NFT/game integrations in the future.

3. Tokenomics

- Total Supply: 10,000,000,000 MNODY
- Initial Mint: 10 Billion (All minted at deployment)
- Current Circulating Supply: ~5 Billion MNODY
- Burned: 2.5 Billion MNODY (deflationary mechanism)
- Vesting: 2.5 Billion MNODY locked for 1 year, then linear monthly release over 24 months for ecosystem growth.

Distribution (Approx.):

- Community Rewards: 50%
- Liquidity Pool: 20%
- Development & Marketing: 20% (vested)
- Reserve / Partnerships: 10%

4. Utility

Community Rewards: Airdrops, tipping, and memes.

Liquidity & Trading: Listed on decentralized exchanges on Polygon.

Future Use: Integration with NFT collections, gaming, and staking once community votes.

5. Governance

- MNODY is fully community-led. Holders can propose and vote on:
- Future burns
- Partnerships
- Marketing campaigns
- Ecosystem grants
- Governance will be handled through on-chain proposals as the community matures.

6. Roadmap

Phase	Milestone
-------	-----------

- | | |
|-----------|---|
| ➤ Q4 2025 | Token Launch on Polygon + Initial Liquidity |
| ➤ Q1 2026 | Community Airdrops + Website + Whitepaper Release |
| ➤ Q3 2026 | NFT Collabs + DAO Voting |
| ➤ Q3 2026 | Game & Staking Integration |
| ➤ Q4 2026 | Cross-Chain Bridge + Major Exchange Listings (community vote) |

7. Security & Transparency

Open Source Contract: Verified on PolygonScan.

Locked Liquidity: Proof of lock and burn addresses are public.

Multi-Sig Treasury: For community fund management (future phase).

8. Disclaimer

MNODY is a community-driven meme coin created for entertainment and experimentation on the Polygon network.

It is not an investment product.

Cryptocurrencies are volatile; participate only at your own risk.
